

COASTAL OBSERVATION & SEABIRD SURVEY TEAM

COASST is a citizen science project of the University of Washington
COASST believes citizens of coastal communities are essential scientific partners in monitoring marine ecosystem health. By collaborating with citizens, natural resource management agencies and environmental organizations, COASST works to translate long-term monitoring into effective marine conservation solutions.

LOG IN

Feel free to give us a call (206-221-6893) or send us an e-mail (coasst@uw.edu) if you experience data entry problems, or have trouble logging in.

To log-in to the new data portal for the first time, you'll have to pretend you forgot your password. This is for security--your account, but not your password, was transferred to the new site.

Begin by clicking "LOG IN" on the landing page.

COASST

Hi hkb10@uw.edu,We received a request to change your COASST password. To do this, please [follow this link](#).

If you didn't try to change your password, please disregard this email.

© 2016 COASST All Rights Reserved.

Click here!

The email contains a link to change your password. Click the blue "follow this link" link.

Set a password

Email

Password

You'll be taken to a screen to set your password. You may use your old password, or create a new one. Enter it here then click the "Save" button.

Password successfully set. ✕

My Surveys

44 surveys have been submitted and 201 birds have been found through your account.

New Survey

Survey Number	Beach	Birds Found	Date	Duration	Submitted	Verified	Edit
45768	Nedonna	<ul style="list-style-type: none">Cormorants	07-30-2016	180	✓		Edit
45281	Picnic Point Park		07-16-2016	23	✓	✓	

Now you're logged-in and directed to your home page. There is a confirmation message in a green bar at the top of the screen that says "Password successfully set." From here, you can access your account information, enter a new survey, or edit/review an old one.
